Objective

It is my objective to provide quality visual works to enhance the cultural landscape. It is my goal to work in a flexible environment, collaborating with client and staff, teaching and developing new storytelling techniques through visual mediums such as cinematography and graphic design.

Experience

High St. Graphics Nov 2013 - Current

Media Specialist, Office and Project Manager, Graphic and Web Designer, Cinematographer: produce, write and direct documentaries, develop websites, design marketing materials, manage clients, equipment, employees, payroll, websites, and field productions.

Self Employed

January 2010 - Current

New Media Freelancer: design interactive games and websites, cinematography on short and feature films, animation, corporate videography, and motion graphics.

Middlesex Community College

January 2012 - Current

Educational Assistant: provide college students with technological and hands-on assistance with class-related media works, from filmmaking, computer graphics projects, and TV studio projects to on-location shoots.

Frank Demarest, Property Owner

April 2009 - Nov 2013

Project Manager / Carpenter / Design Strategist on Historic Home Restoration Project: design of home interior and landscape, fabrication of cabinetry, carpentry using recycled and salvaged materials, and management of laborers and vendors.

Education

MxCC: Associates Degree (Fine Arts Major with focus on Film) May 2010: photography, film, media production, video editing, motion-graphics, graphic design, narrative storytelling, and journalism.

Appalachian State University (focus on Time-Based Media) Spring 2011: course work in studio arts, including drawing, painting, jewelry making, sculpture, and work based on time-based media.

Skills
